

FOR IMMEDIATE RELEASE

2nd May 2024

Katoomba RSL Club confirms non-involvement in OutAbox Data Breach

Katoomba RSL, wishes to inform the public and its valued members & guests that, to date it has not been affected by the recent data breach associated with OutAbox Solutions as advised by Clubs NSW and in the media.

In light of recent reports regarding a data breach within OutAbox Solutions, Katoomba RSL would like to reassure all its members and guests that our check-in systems are not provided by OutAbox & as such our check in data is not held with them. Our priority has always been the security and privacy of our patrons, and we remain committed to upholding the highest standards of data protection.

Katoomba RSL utilises a different check-in system that is not provided by nor involves OutAbox Solutions and is maintained with stringent security measures in place. Thus, any concerns related to the OutAbox data breach do not affect our members or guests or any data held by Katoomba RSL.

We understand the significance of trust and transparency in today's digital landscape. Therefore, we take this opportunity to reaffirm our dedication to safeguarding the personal information of our members and guests. Our Club remains vigilant in monitoring and enhancing our security protocols to mitigate any potential risks effectively.

Katoomba RSL values the continued support and trust of its members and the broader community. We assure you that your data security remains our top priority, and we are committed to providing a safe and enjoyable experience for all.
